# MANAGEMENT AND LEADERSHIP SKILLS

**IT Manager**
- Strategic Planning: Ability to develop and implement strategic plans for the IT department in alignment with the overall business goals.
- Team Leadership: Experience in leading and managing a team of IT professionals, providing guidance, mentorship, and direction to ensure project success.
- Change Management: Proficiency in managing and implementing changes within the IT department, including upgrades, process improvements, and system migrations.
- Problem-solving: Strong problem-solving skills to troubleshoot and resolve complex IT issues efficiently and effectively.
- Project Management: Demonstrated ability to oversee and deliver IT projects on time, on budget, and in line with quality standards.
- Communication: Excellent communication skills to effectively convey technical information to non-technical stakeholders and collaborate with cross-functional teams.
- Decision-making: Sound decision-making abilities to assess risks and make informed choices in high-pressure situations.
- Team Building: Proven track record of building and fostering a positive and productive team culture within the IT department.
- Continuous Learning: Commitment to staying abreast of the latest IT trends and technologies to drive innovation and maintain a competitive edge.

# ORGANISATIONAL SKILLS

**Organization and Communication**
- Planning and Organization Skills: Establish clear objectives, create detailed action plans and distribute tasks effectively to ensure desired outcomes are achieved.
- Time management to maximize productivity and ensure tasks are completed on time.
- Ability to delegate fairly and appropriately, assigning responsibilities based on the skills and availability of team members.
- Problem-solving skills capable of identifying challenges and issues that may arise during the implementation of a project and finding effective solutions to overcome them.
- Coordination and supervision of a team's activities, monitoring progress and ensuring that all members work together in harmony to achieve set objectives.

# DRIVING LICENZE

**Driving Licence:** A
**Driving Licence:** B

## HOBBIES AND INTEREST

**Freediving**
Freediving is an activity that I have been practicing with great passion and dedication for several years. Thanks to constant training and participation in specific courses, I have developed good physical and mental resistance, which allows me to achieve increasingly better performances. This hobby taught me to manage my breathing control and focus on the present moment, improving my concentration and inner tranquility. I am convinced that the skills acquired in freediving can also be successfully transferred to the professional field, such as the ability to resist pressure and face challenges with determination and calm.

## PROJECTS

**www.gestionefamiliare.it** [ 2010 – Current]

The website www.gestionefamiliare.it offers information and resources to help families manage their finances better, save money and plan their financial future. Through articles, guides and practical tools, it provides advice on budgets, savings, investments and manage family expenses efficiently. The site is aimed at all families who wish to improve their financial situation and have greater economic stability. In 2024 it reached 16.000 members.
I am developing a new version that I plan to release in 2025

I authorize the processing of my personal data in accordance with Legislative Decree 196 of June 30, 2003, and Article 13 of the GDPR (EU Regulation 2016/679) for the purposes of recruitment and personnel selection.

Palermo, 21/11/2024
